PRESS RELEASE

Pakistan Medical Association (PMA) is very much concerned over the exorbitant fee structure of medical colleges in Pakistan, according to which the annual fee of medical students is Rs. 950,000/-per annum. If included insurance, tax and admission fee, it approximately becomes more than 1,200,000/- This is beyond the affordability of parents and an unnecessary burden.

PMA believes that Quality of Medical Education and Training should properly be focused, so that competent doctors should be produced in Pakistan.

We request the Honorable Chief Justice of Pakistan to review this fee structure and minimize it up to the affordability of the people of Pakistan as it was earlier Rs.6,42,000/-.
